Dear Samantha.

This is an excellent suggestion, my mother loved her bowls and she would be delighted that a tree could be planted in this space. My father had a fondness for an ornamental cherry and if I had a choice this is exactly what I would chose.

It's truly sad that a risk of vandalism remains, it's so destructive to any attempt to improve the environment.

If needed and if permissions are granted, then I could order a UK grown ornamental cherry from a local garden centre, with a stake and ties.

Will the out door team need extra guards or a water skirt?

If this granted then perhaps we could notify the bowling club to witness the planting, I am sure my mother's legacy remains and may still have some friend there still.

Thank you so very much for your time and efforts.

With kind regards

Dear

I have spoken to our Outdoor Team Supervisor who has suggested an ornamental cherry could be planted somewhere around the Bowling Green area. This area is locked other than when matches are on so it is more protected for young trees, as we have had some issues with new trees being vandalised in the park.

If you and your family would be happy with the suggestion, I can take it for approval to the Horden Recreation Ground Committee on 4th April.

Kind regards

Sam
