Subject: Stadium Accreditation Report

Good morning,

Please can the football club add an agenda point for the trustees consideration at their next meeting?

I have attached a stadium accreditation report which all clubs at a certain level have had undertaken by the FA.

There are 87 areas that the FA look at within their report and thankfully the Welfare Park ground passed 77 of these and only failed 10.

One of the 10 fails has already been addressed by the football club which was to have an updated floodlights test carried out. This came at a cost to the club of £300.

The deadline for the remaining 9 areas for the ground to meet the required grade is by 31st March 2025.

Whilst we appreciate the trustees are under no obligation to undertake any works, the football club would ask if they could review the 9 areas and as owners of the ground consider assisting with any of the 9 fails to ensure the ground meets the required grade.

As part of the licence the owners are responsible for maintenance at the ground so would the trustees consider using any monies they might have set aside for maintenance work at the ground from their 2024/25 budget?

Any areas in which the trustees consider that the football club could arrange for the work to be undertaken we would be happy to do so depending on the costs involved to the club.

The football foundation have advised the club could bid for grant funding to address any failed areas but as Horden Parish Council are owners of the ground we would need your permission and to work with you.

Would you be able to confirm if our correspondence will be considered at the trustees July or August meeting?

I look forward to hearing from you.

Kind regards Ryan Horden CW - Secretary
